

2024 Mid-Year Report

Student: Iury da Rocha Miguel

Teacher: Pedro

Date: July 2024

Class Type: Business ▾

Summary:

Iury is an extremely driven student. He puts in a lot of effort to apply the new words he learns in class. He puts a lot of effort into using the words he has picked up during class and doing so correctly. He is quite adept at self-editing - it's clear he notices his errors right after committing them. He places a strong emphasis on grammar, which is excellent for his sentence construction. Iury actively engages in class discussions and is self-assured when discussing any topic. Iury never misses class and is always punctual. I look forward to working with him more in the second semester!
